Everyday Heroes...Crossman & Company Helps to Feed 10,000 Children

Orlando, FL- July 20, 2012

10,000. Most people would see this number associated with Crossman & Company and think about available square ft. for lease. But for Crossman & Company employees, this number represents the number of children they will be able to feed by partnering with Feeding Children Everywhere.

Feeding Children Everywhere is a social charity that empowers and mobilizes people to assemble **healthy** meals for **hungry** children.

The main components of each meal donated to feed hungry children: rice, lentils, a blend of 6 dehydrated vegetables, and pink himalayan salt. The meal is scientifically formulated to help combat the effects of hunger on the human body. All that is necessary to cook the meal is adding boiling water.

John Crossman, President and brother Scott Crossman, CEO realize the need to make a difference in the community and have asked their employees to help contribute. The Crossman brothers have organized a friendly work competition by dividing the company into two teams to raise \$2,500 for Feeding Children Everywhere. To make things a little more interesting, employees Daphne Colverton and Linda Mirelman have come up with a fun ways to give by having a pot luck lunch and asking employees to donate the money they would normally spend on lunch to Feeding Children Everywhere. It's no wonder why Crossman & Co. has been awarded "Florida's Best Places to Work For" by Florida Trend for 2010, 2011 and now 2012.

"Our employees have a servant's heart and genuinely like making a difference. By partnering with Feeding Children Everywhere, it's just one of the many ways we are able to impact the community," said John Crossman.

On August 1st, Crossman & Company and Maury L. Carter and Associates, Inc. will partner together to package healthy meals for hungry children at the Feeding Children Everywhere headquarters (1101 Virginia Dr. Orlando, FL 32803) For more information on Feeding Children Everywhere or to find out ways that you can help make a difference, please visit: <http://www.feedingchildreneverywhere.com/>
